Chair Rae Davis:	Yes
Member Clay Cannon:	Yes
Vice Chair Caleb Pozsik:	Yes

New Business

Draft Review – Article 5: Land Development Standards: Mr. Singletary began the discussion by stating they would be going through each section for notes. He stated that most of his notes have been given to Mr. Gianni but those changes have not been incorporated into the draft under review.

Most edits to the article were grammatical in nature or format related. The committee discussed removing the table of required improvements but including a statement about compliance with the rules of the authority holding jurisdiction (road/street/sidewalks/etc.), including language referencing planning documents, block sizes in subdivisions, cul-de-sac and dead end street regulations to promote interconnectivity in developments (more specific to the center of town), making sure street design standards reflect Lexington County standards (until such time as a Town transportation plan is adopted), road classification tables matching to Lexington County road classifications, sidewalk sizes for a “downtown” area versus rural, requiring sidewalks on both sides of a street, regulations for street trees to not damage sidewalks, and open space definitions and requirements.

Mr. Singletary stated that in the interest of time, a called meeting on August 16 at 3:00 p.m. would be needed to finish discussion on Article 5. He stated his intention for the UDO committee to have its final meeting on August 24 before sending it to the Planning Commission for review.

Adjournment: Vice Chair Pozsik moved to adjourn the meeting. Member Cannon seconded the motion. Meeting was adjourned at 5:10 p.m.

UDO COMMITTEE APPROVED (Date): August 24, 2023
